

Attention parents! Now you are able to see student records and school information any time you wish.

To help remedy the information gap by making student records viewable on the Internet, Spring Branch ISD is piloting this product at three secondary campuses this spring (Spring Woods High School, Memorial Middle School, and Cornerstone Academy). With an activated user account and password, whether at home, school, work, the library, around the world, you can access this important information.

Areas of information included are:

- Student Information
- Attendance
- Emergency Information
- Grades
- Progress
- Immunization Records
- Classes
- Grade Book*
- Unofficial Transcript
- Parents/Guardian

*The **Gradebook** page displays current grade information. Teachers will have 7 calendar days (exceptions for holidays) from the assignments due date to enter grades.

To get account, password and log in information, please contact your student's campus.

Users will be responsible for the security of their user name and password. Sharing this information with others is the choice of the user. You may contact the school to change your password or cancel this service.

Your child's personally identifiable information is managed with security measures in place, 128 bit encryption (SSL), to provide secure transmission of your information. Unfortunately, no data transmission over the internet can be guaranteed to be perfectly secure. While SBISD will make every effort to protect your child's personal information, we cannot guarantee the security of any information you transmit to us, and you do so at your own risk.
